

Replacing Messy White Boards with Clean & Reusable Boogie Board Tablets

Driving classroom participation, engagement, & focus with reusable writing tablets.

The Problem with White Boards

White Boards mean...

- Messy Markers
- Dried Out Markers
- Smelly Markers
- Marker Stains All Over the Classroom
- Marker Stains All Over Students
- Erasers, Paper Towels, or Wipes
- Stained & Ghost Marks on Boards

Proven & Trusted Replacements

Introducing the #1 dry-erase board replacement! Boogie Board reusable classroom tablets, the Re-Write and Re-Write Max are proven to increase participation in classrooms around the world.

Re-Write Reusable Classroom Tablet

Re-Write Max Reusable Classroom Tablet

The Clean & Reusable Solution

Easy Cleanup

With reusable Re-Write tablets, there are no markers needed and no smudge marks or "ghosting" left behind—it always looks as clean as the first day. Disinfect each board with any available cleaning product without ruining it.

Write with Anything

Just write with the included stylus, a fingernail, or any hard-tipped tool. Erase the Re-Write with the push of a button! The included stylus attaches to the board to prevent it from getting lost.

Long Lasting

Re-Write tablets come with a replaceable battery that lasts 3-5 years. There is no need for an on/off button or charger. The only time power is drawn from the battery is when the board is erased.

The Clean & Reusable Solution

Durable & Safe

Re-Write and Re-Write Max were designed for day-in and day-out classroom use. These products can withstand just about anything your class throws at them, whether it's being dropped, stepped on, or thrown. Most importantly, they are safe! Re-Write tablets come with a soft-tip stylus and flexible hard-coated plastic screen. No glass or harmful materials used.

Affordable

Investing in Re-Write tablets for classrooms will reduce yearly upkeep expenses in replacement white boards & markers, making more room for using that funding elsewhere.

Over 100,000 Boogie Board tablets have been used in classrooms around the world!

We love our Boogie Boards! They are a fun resource to use when working on letter writing, number writing and Mat Man! It takes the things we are consistently doing and adds a twist, making the learning fun and engaging! My students like to use them in the writing center to create pictures, tell stories and write new words! Boogie Boards are a great addition to our classroom!

- Happy Preschool Teacher

My students love using Boogie Boards as a table activity in our classroom! They write little messages and draw pictures for their friends and teachers. I also use them for assessments because they are a quick, eco-friendly way for children to write and draw for me. I like that they are "no mess" and are much preferable to dry erase markers at the preschool level.
