

THANK YOU

TO EXCELLENCE IN EDUCATION

THANKS TO YOU OUR SCIENCE FESTIVALS ARE BETTER THAN EVER!

Your funding allowed SWEP to expand our Family Science Night program at TTUSD elementary schools to include five different scientific exploration activities for kids of all ages.

Science is not science without an interactive experience. Thank you Excellence in Education for helping SWEP facilitate hands-on science.

FAMILY SCIENCE NIGHT

Family Science Night is a fun filled activity night for students and their families. This event gives students an opportunity to share their newly acquired scientific knowledge with their parents and siblings. Additionally, students who were unable to explore all 10 of the science stations have the opportunity to freely expand their scientific investigation.

EXCELLENCE IN EDUCATION FUNDS PROVIDED:

- High quality scientific equipment that allowed us to better correlate our program with Next Generation Science Standards and engage students in hands on, STEAM learning experiences. We plan to continue this expansion this next school year. We thank you for your support and hope we can continue this partnership in the future.

WE THANK YOU AGAIN!
